

TRAC match – March 14, 2023 – Wayne Mauler, match director

Tw was a nice day to be shooting....and spring is coming to the valley! Temps at the start of the match were a comfy 64° and warmed to 70° by the end. The skies were partly cloudy with distant haze, but gradually increased to mostly cloudy. We did have quite a bit of sunshine. Bright, but not brilliant, and with some glare at times as the clouds filtered the sunlight.

The wind at the beginning of the match was just about non-existent. This gradually increase, along with the cloud cover, to between 7 and 10 mph out of the southeast to SSE.

We had 11 shooters today, with Scott bringing along his grandson, Henry. With 2 shooters per lane (3 on one lane), the match moved along at a fairly good clip and we were finished in 2 hours flat! This was with our usual 6 lanes / 2 targets per / half way thru – go straighten the targets / do it again. Two-bagger Mike snuck in one of his hot dog in a bun, aka, “wiener” targets.

For the second week in a row, Barry shot a clean score. Barb wasn't here to match it this week even though it was warmer than last week. Not Jamaica warm, but warmer nonetheless.....

48/48 – Barry – shot his Daystate Revere, and shared the top spot with....no one!

46/48 – Two-bagger Mike – shot his Thomas puffer gun.

45/48 – Mark – shot his TX200 springer, and tied with.....

45/48 – Larry – shot his Daystate Grand Prix, and tied with....

45/48 – Tony – shot his Daystate Safari Revere, and tied with....

45/48 – Van – shot his Daystate Air Ranger

44/48 – Scott – shot his Brocock Sniper

42/48 – Todd – shot his FX Royale, and tied with....

42/48 – Wayne – shot his Daystate Alpha Wolf, and tied with....

42/48 – Stanley – shot his Daystate Red Wolf

40/48 – Joe – shot his vintage Daystate Huntsman

38/48 – Jesse – shot his Daystate Red Wolf

23/48 – Henry – shared his granddads Brocock Sniper and did a pretty darn good job at almost 50%. We see him each time school has a scheduled break.

We will not have a TRAC match for the next two weeks due to BASF hosting the outdoor expo. We will resume with the first Tuesday in April.

We WILL be shooting this coming Saturday.....AFTERNOON! Just a reminder to follow up on the email reminder that went out this past Saturday. There seems to be some excitement about this and we are hearing some chit chat about using this format for next Jan, Feb, Mar of 2024. C'mon out and give this a try and let us know your feedback. Should be fun either way. At least two bagger Mike will be on time.....ROFLMAO!! If you are reading this and smiling, you know why.....

See you Saturday.

Respectfully submitted
