

TRAC match – August 1, 2023 – Mark Kauffman, match director

Well, we were hoping for rain today, but that hasn't happened.....yet. Maybe later today. We have had rain this past week, so that is a good thing. Also, the temps today were cooler, if you call 90° to 93° cooler. The humidity is up to 38% so rain is in our forecast sometime soon.

Winds today were mild, anywhere from 0 to 8 mph and from SSE to South, with occasional appearances from the north and east. Typical BASF wind fluctuations. The sky was clear and there were some high clouds in the distance, just nowhere near where we were, and the sun was bright. Actually, not a bad day for shooting.

We had 7 guys in attendance for our weekly schuetzenfest. Some are off on vacation (Wayne), or work (Larry) or just hibernating from the heat (everybody else), or recuperating from some malady or another (Mike and Bill). Good time of year for that. Getting the oil changed and the tires rotated is advisable when you don't have to be out in the heat. There were those of us that don't know any better and were out in it anyway.....(that would be everybody below)

47/48 – Tony Turchetta is turning out to be the big man on campus while shooting his “Blue Wolf”. At least his missed shot wasn't his last one.

42/48 – Stephen Kountz – shooting his Daystate Wolverine and tied with....

42/48 – Stanley Mountford – shooting his Daystate Redwolf, and tied with....

42/48 – Barry Biehl – Shooting his Daystate Revere.

40/48 – Mark Kauffman – shooting his Brocock Bantam Sniper. Yes, a puffer gun that he picked up a couple years ago and shot for the very first time today.

37/48 – Van Tucker – shooting his Daystate Air Ranger.

28/48 – Eric Halquist – shooting his Brocock Bantam

That's it! Just a ho-hum day with no rain, although the possibility was there. But, we get to turn around and do it again next Tuesday. Brave enough to brave the heat and give it a try? See you then.

Respectfully submitted,

Mark Kauffman, Secretary, Airgunners of Arizona, Inc.
